

SEND A MESSAGE ONLY:

Make sure that the address in the address bar begins with **https** and not only **http**. Furthermore, your browser must indicate a secure connection, for example by showing a closed padlock at the beginning or the end of the address bar(). This shows that you have a secure and encrypted connection and that your information can not be read by other people.

If you want to remain anonymous, please make sure you do not include any contact information (name, e-mail address, telephone number).
